Job Summary:
Responsible for placing safety as #1 priority in day to day work routine for self and others. Responsible for performing a variety of land and route surveys and preparing various permit applications for the construction or placement of company facilities. Responsible for certifying legal documents and plats.

Minimum Qualifications:

- Must possess a working knowledge of land surveying at a level normally acquired through the completion of a two-year degree in surveying technology, geomatics or related field or equivalent experience.
- Four years land surveyor experience.
- Registered Professional Land Surveyor (PLS) in Montana, Wyoming, North Dakota or South Dakota.
- AutoCad and Global Positioning System (GPS) education or experience.

Additional Requirements

- Required to maintain PLS license.
- Requires extensive travel (50% +).
- Required to maintain a valid driver's license.

Key Skills & Competencies

- Must have strong interpersonal and communication skills in dealing with internal and external customers.
- Must be self-motivated, detail-oriented and able to handle multiple priorities and meet deadlines.
- Proficient in the use of personal computers and commercially available software.
- Requires strong analytical and problem-solving skills.
- Self-motivated, willing to take on new challenges, and the ability to work independently.
- Maintain highly confidential and sensitive information.
- Proven time management and organizational skills.

Preferred Qualifications

- Knowledge of Geographical Information Systems (GIS) and mapping.
- Pipeline/route surveying experience.

Additional Information

- Must be legally authorized to work in the United States, no sponsorships considered.
- Subject to pre-employment drug testing and background checks.
