Professional Land Surveyor

About Us:

TD&H Engineering, a 100% employee-owned, mid-sized, multi-discipline engineering firm, is looking for a dedicated and skilled Professional Land Surveyor to join our team. We pride ourselves on offering a collaborative and supportive work environment, with a strong emphasis on professional development and career advancement. Our team of 150 professionals' spans across offices in Montana, Idaho, Washington, North Dakota, and Pennsylvania, providing a wide range of services to a diverse clientele throughout the United States.

Job Overview:

TD&H Engineering is seeking a full-time Professional Land Surveyor to join our team in Great Falls, MT. This role focuses on land surveying for civil engineering projects, including boundary, cadastral, topographic, and construction staking surveys. The candidate will work under the guidance of experienced project managers. The ideal candidate is detail-oriented, self-motivated, and eager to contribute to a growing team while working outdoors in various weather conditions.

Key Responsibilities:

- Conduct boundary, cadastral, hydraulic, topographic, ALTA, and construction surveys/staking for public and private projects.
- Perform fieldwork using GPS, robotic total stations, and other survey equipment to collect and analyze data accurately.
- Prepare and review survey maps, legal descriptions, plats, and reports ensuring compliance with local, state, and federal regulations.
- Process survey data using Trimble Business Center and Civil 3D.
- Collaborate with engineers, architects, developers, and government agencies to support land development, infrastructure, and construction projects.
- Interpret and apply zoning laws, subdivision regulations, and property records to determine land boundaries.
- Review and verify survey calculations, data analysis, and mapping accuracy.

Qualifications:

- Licensed Professional Land surveyor in Montana (PLS).
- 3+ years of experience as a licensed PLS preferred.
- Associate's degree in surveying or equivalent from an accredited post-secondary institution is preferred.
- Have a valid drivers license and insurable driving record.

- Strong computer skills in Microsoft Word, Excel, Outlook, etc. Experience with technical software such as AutoCAD, Trimble Business Center, Carlson Survey and Civil 3D etc.
- Excellent organization and written/verbal communication skills.
- Proven ability to multitask and manage project workload, deadlines, and clients effectively in a fast-paced environment.

What We Offer:

- Competitive compensation
- Benefits package including Medical, Vision, & Dental
- Short & Long-term Disability insurance
- Generous Paid Time Off (PTO) accrual
- 401k with employer match.
- Employee Stock Ownership Plan (ESOP).
- End-of-year performance bonuses.
- Opportunities for continuing education and career advancement.
- A collaborative and supportive work environment.

The wage range for this position varies and the final rate will depend upon qualifications and experience. TD&H is proud to be an Equal Opportunity Employer.

If you are a motivated and skilled Professional Land Surveyor looking to advance your career, we would love to hear from you! To apply check out our LinkedIn, website or submit your resume, cover letter, and a minimum of 3 references to:
